Japan to hold snap elections on Oct. 22
Oppn. to back Tokyo Governor’s party

Japanese Prime Minister Shinzo Abe on Thursday called a snap election as the main Opposition Democratic Party throw its support behind a fledgling party led by Tokyo’s popular Governor, Yuriko Koike, in the Oct. 22 vote.
Mr. Abe, a conservative who returned to power in 2012, hopes a boost in voter support in recent months will help his Liberal Democratic Party-led (LDP) coalition maintain a simple majority in the lower house of parliament.

The Swachh Bharat Mission (SBM) was launched on 2nd October, 2014, with a target to make the country clean by 2nd October, 2019 - 150th birth anniversary of Mahatma Gandhi.

All 4041 towns as per census 2011 are covered under SBM.

The programme includes elimination of:

1) Open defecation,
2) Conversion of unsanitary toilets to pour flush toilets,
3) Eradication of manual scavenging,
4) Municipal solid waste management and
4) Bringing about a behavioural change in people regarding healthy sanitation practices.

All the initiatives are being supported by capacity building efforts to empower the Municipal Authorities to carry out their functions properly.
Will Swachh Bharat Abhiyan be a success?

The mission for a clean India will not work without breaking the link between caste and occupation.

The cleanliness mission will work because its success will have a liberating impact on women.

The skewed importance given to rural areas ignores population explosion in the urban areas.

There will be blood, if you ask on Facebook

Social networking platform Facebook is all set to roll out a new feature that would make it faster and easier for people, blood banks, and hospitals to connect to blood donors when needed.

This initiative is specifically designed for India,

Starting October 1, Facebook users in India can sign up to become willing blood donors.

“All the critical information, such as blood group and whether they have donated blood in the past, will remain private and set to ‘only me’ by default.

But people can choose to share their donor status on their timelines,”

According to Ministry of Health and Family Welfare, at the national level, there is a requirement of 1.2 crore blood units per annum.

But the country grapples with 10% to 20% shortage over all, with some states showing a shortfall, and a few others collecting excess blood units
The Union government will review the flexi-fare system introduced in premium trains last year, Railway Minister Piyush Goyal said on Thursday.

The Railways introduced the flexi-fare scheme in September last year in Rajdhani, Duronto and Shatabdi trains, under which 10% of the seats were sold at normal fare.

The fare was increased thereafter by 10% for every 10% of the berths sold.

The highest fare was 50% more than the normal price of the ticket.
Page-13- FM urges CPSEs to spend ‘aggressively’
Finance Minister Arun Jaitley on Thursday asked central public sector enterprises (CPSEs) to aggressively push capital expenditure and warned against any slackness as the government looks to boost growth through increased public spending
